PROFESSIONAL SUMMARY

Passionate Fresher Frontend Developer skilled in building responsive and user-friendly web applications using HTML, CSS, JavaScript, React, and Tailwind CSS. Strong understanding of REST APIs, responsive design, and reusable components. Enthusiastic about creating clean interfaces, learning new technologies, and contributing to real-world projects in collaborative environments.

SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Tools & Platforms: Git, GitHub, VS Code

Core Concepts: Responsive Design, REST APIs, DOM Manipulation

PROJECTS

To Do List App | *HTML, CSS, JavaScript, React JS* Live | [GitHub](#)

- Developed a responsive task management application with clean and user-friendly UI.
- Implemented add, delete, and mark-as-complete task functionalities using React state management.
- Used reusable React components and local storage to save tasks and improve user experience.

Portfolio Website | *HTML, CSS, JavaScript* Live | [GitHub](#)

- Designed and developed a personal portfolio website showcasing projects, skills, and contact details.
- Created smooth animations, responsive layouts, and modern UI sections using CSS and JavaScript.
- Optimized performance and improved accessibility for cross-device compatibility.

JavaScript Snake Game | *HTML, CSS, JavaScript* Live | [GitHub](#)

- Built an interactive snake game with score tracking and keyboard controls using JavaScript.
- Implemented collision detection, game-over logic, and responsive game UI.
- Enhanced user experience with animations and smooth gameplay mechanics.
